

DELHI DEVELOPMENT AUTHORITY
E.M.'S OFFICE

No.EM1(10)2007/Cir.(CWG)DDA/497

Dated: 4-2-08

CIRCULAR No. 617

Sub : Scrutiny & Authentication of Structural Drawings/Designs prepared by the Consultant.

Structural drawings for execution of works are required to be approved by the Technical Sanctioning Authority. However, it has been observed that the projects where the structural designs are done by the Consultants and further proof checked by some other proof consultants like SPA, IIT etc. the drawings are issued for execution without approval/acceptance of competent Authority. Such a practice is not only irregular but also there are chances of serious errors going un-noticed, thus affecting the safety of the structures.

It is enjoined upon all concerned that where the structural designs for the projects are done by the Consultant and further proof checked by some other Consultants, the same needs to be accepted by the Competent Authority i.e. Technical sanctioning authority, to accord the authenticity to the drawings as "Good for construction" to avoid any chances of errors affecting the structural safety of the structure

This issues with the approval of EM.
